Property Owners and Tenants - Customers:

The Oceano Community Services District (OCSD) will hold a public hearing regarding rate adjustments (the “Proposed Rate Adjustment”) proposed by South County Sanitary Service (the “Garbage Company”) for properties and customers receiving solid waste, recycling, and green waste services within the OCSD. The Proposed Rate Adjustment will be considered by the OCSD at the date, time, and location specified below. Consistent with the requirements of Proposition 218, this notice also provides the following information:

- The Date, Time, and Place of the Public Hearing;
- The Reason for the Proposed Rate Adjustment;
- The Effective date of the Proposed Rate Adjustment;
- The Basis for the Proposed Rate Adjustment; and
- The Majority Protest Procedures.

NOTICE OF PUBLIC HEARING

The Public Hearing for the Proposed Rate Adjustment within the OCSD limits will be held on:

Date: January 8, 2025 **Time:** 6:00 pm

Place: Oceano Community Service District Board Room located at 1655 Front St Oceano, CA

At the Public Hearing, the Oceano CSD Board will consider all public comments in support of and in opposition to the Proposed Rate Adjustment and whether or not a majority protest exists pursuant to the California Constitution (as described below). If approved, the Proposed 2025 Rate Adjustment would become effective on January 1, 2025 and annual adjustments would be effective each January 1 of 2026, 2027, 2028 and 2029.

Reason For and Basis of the Proposed Rate Adjustments

The Proposed Rate Adjustment for 2025 is based on the Garbage Company’s documented cost of providing solid waste services and is a 4.98% increase above current solid waste rates. This cost-based adjustment is necessary for the Garbage Company to continue to provide safe, environmentally sound and reliable solid waste removal, transportation and disposal services to the residents and businesses of Oceano. The adjustments are requested due to:

- Increases in organics processing costs – Third-party costs for the organic waste post-collection processing facility operated by the company formerly named Hitachi Zosen INOVA, and which are not within the Garbage Company’s control, have doubled since 2022. The change in cost is the result of changes in facility capital and operating costs.
- Increases in landfill disposal costs – Costs for landfill waste disposal at Cold Canyon have remained flat since 2016. The 2025 rate adjustment reflects a market adjustment to these costs, from a per ton tipping fee of \$41 per ton (in place since 2016) to a per ton tipping fee of \$70. The Garbage Company provided market comparison demonstrating the applicability of the \$70 per ton market tipping fee.
- Collection costs including labor, vehicles, operating expenses and overhead – These costs are increasing 4.21% in 2025.
- Adjustments necessary for moving to a new methodology for annual rate adjustments that provides for increased rate stability, predictability, fairness, transparency, ease of administration, and cost-effectiveness. These include updated depreciation lifespans for garbage trucks, removal of a limitation on corporate overhead costs for legal, tax, payroll, human resources, engineering, compliance, IT, training and recruiting programs, and updated profit allowance from 8% to 10% .
- Adjustments for new service enhancements, including the ability for residents to exchange a solid waste collection cart once annually at no cost, no charge collection for one bulky item twice annually via voucher program, and a rate assistance program providing a 20% low-income discount provided to residential customers using 32-gallon cart service (using third party verification of low-income).

The Proposed Rate Adjustments for 2025 applicable to residential solid waste customers are shown in the table below. This includes all three streams (trash, recycling, organic waste).

Garbage Container Size	2024 Monthly Costs	2025 Monthly Costs	Change in Monthly Rate
32-gallon	\$20.37	\$21.38	\$1.01
64-gallon	\$29.31	\$30.77	\$1.46
96-gallon	\$57.38	\$60.24	\$2.86

In addition, commencing each January 1 of 2026, 2027, 2028 and 2029 solid waste rates will be adjusted based on the following:

- Annual change in the Bureau of Labor Statistics’ Consumer Price Index (CPI) for Garbage and Trash Collection in the U.S all city average, with a minimum 2% adjustment and a maximum 5% adjustment. Amounts below the minimum or above the maximum will carry forward to the following year.
- Calculation of a 10% profit allowance starting in 2026 (estimated at additional 0.67% to 0.69% adjustment in 2026).
- Addition of a revenue balancing mechanism starting in 2027, wherein actual revenues from solid waste rates over or under projections carry forward as additions to, or offsets against, the annual CPI adjustment.

The Proposed Rate Adjustments have been independently reviewed for consistency with the City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management dated June 1994 and in accordance with the provisions of the OCSD’s Franchise Agreement with the Garbage Company, as

amended, governing solid waste service within the boundaries of the OCSD. The Proposed Rate Adjustments contemplate implementation of a new methodology for annual rate adjustments which is described in New Solid Waste Rate Adjustment Methodology and 2025 Rates report authored by independent reviewer, R3 Consulting Group, Inc. The consultant's report and the complete set of proposed 2025 solid waste rates is available at the OCSD office located at 1655 Front St Oceano, CA as well on the November 13, 2024 OCSD Board meeting agenda packet online (www.ocsd.specialdistrict.org)

How Do I Protest the Proposed Rate Adjustment?

Pursuant to Section 6 of Article XIII D of the California Constitution, the following persons may submit a written protest against the Proposed Rate Adjustment to the Secretary to the Board before the close of the Public Hearing referenced above.

- An owner(s) of property (parcel(s)) receiving solid waste, recycling, and green waste services within the District limits. If the person(s) signing the protest, as an owner, is not shown on the last equalized assessment roll as the owner of the parcel(s) then the protest must contain or be accompanied by written evidence that such person signing the protest is the owner of the parcel(s) receiving services;
or
- A tenant(s) whose name appears on the Garbage Company's records as the customer of record for the corresponding parcel receiving solid waste, recycling, and green waste services within the OCSD limits (tenant-customer).

A valid written protest must contain a statement that you protest the Proposed Rate Adjustment, the address or Assessor's Parcel Number (APN) of the parcel or parcels which receive solid waste, recycling, and green waste services, and a signature by either the owner or the tenant-customer of the parcel or parcels. One written protest per parcel shall be counted in calculating a majority protest to the Proposed Rate Adjustment subject to the requirements of Section 6 of Article XIII D of the California Constitution. Written protests will not be accepted by e-mail or by facsimile. Verbal protests will not be counted in determining the existence of a majority protest. To be counted, a protest must be received in writing by the Secretary to the Board before the close of the Public Hearing referenced above.

Written protests regarding the solid waste rate Adjustment may be mailed to:

Oceano Community Service District
Attn: Secretary to the Board
PO Box 599
Oceano, CA 93475

If valid written protests are presented by a majority of owners and/or tenants-customers of parcels receiving solid waste, recycling, and green waste services within the OCSD limits, then OCSD will not adjust the rates for the services.

ADDITIONAL INFORMATION ALL CUSTOMERS:

- Customers requesting Temporary Bins or Roll-off Box Service can call the office for current rates
- Polystyrene (Styrofoam, Plastic #6) is not collected for recycling and should be thrown away as trash. Please bag Styrofoam packing peanuts before placing in trash container.
- It is encouraged to bag your trash in the garbage container but do not bag your recyclables or green waste in their respective containers and keep it loose.
- Recycling, Greenwaste/Organics and Garbage containers should spaced 3 feet apart away from any obstacles (i.e mailboxes, cars, etc) before 6:00am on collection service day.
- The fee schedule above only includes the Garbage Company rates and does not include IWMA fees, which are separately noted on the billings.
- Cleaning fees will be billed on a time and materials basis
- Late Fees are imposed for residential customers over 30 days delinquent. The fee is 1.5% per month of the outstanding charge, with a minimum fee of \$5.00. No prior notice is required, as this late fee policy is stated at the bottom of every bill.
- Customers can be charged for contamination fees in the trash, recycling and/or the greenwaste/organics containers.

Any additional recycling services are charged at 50% of the garbage rate.
