Hello again Carey,
Please share these thoughts with the Board.

The advertisement for the GM position included far too much leave. Please ratchet back the vacation time to two weeks with additional time off earned with positive performance review received, and time served.

I do not see a salary schedule attached, but would hope your Board is looking to make the position less than full time and at less compensation than previous GM's have, especially since your competent staff is really who runs the district.

Thank you,
Julie Tackerf
